STAGE REQUIREMENTS

- **Stage Power** : 220V AC power source required.
- **Stage Fans** : 6x quiet floor fans (18”), one per member, positioned front, except for the drummer, which should be on the back. Must be angled upwards with available power outlets. ***Fans are necessary for the performance.***
- **Dedicated Outlets**: Each guitarist, bassist, and keyboardist requires one dedicated power outlet near their position for their pedalboards (minimum three outlets total).
- **Backup Power** : A UPS (Uninterruptible Power Supply) is recommended for keyboards and critical equipment to prevent power interruptions.

STAGE PLOT

STAGE LEFT

UP STAGE

DOWN STAGE

STAGE RIGHT

HOSPITALITY

- **Backstage Needs:** Bottled water (minimum 6 per band member), soft drinks, Oulmès, light snacks, and black towels (2 per member). Drinks and towels should be available throughout the show.
- **Meal Requirements:** Warm meals and fresh fruits for all band members and crew. Meals should be available at least 1 hour before soundcheck and maintained until the end of the performance.
- **Dressing Room:** A secure, private space for pre-show preparation, equipped with mirrors, seating, power outlets, and secure storage for instruments and personal items.
- **Transportation & Accommodation:** Since Pagan Ulver is based in Settati, the venue or organizer should cover transportation to and from the venue, and provide hotel accommodations (4 star minimum) for all band members and crew.
- **Venue Contact:** A designated contact should be available backstage to coordinate hospitality needs and special requests.
