STAGE REQUIREMENTS

- **Stage Power :** 220V AC power source required.
- **Stage Fans :** 6x quiet floor fans (18''), one per member, positioned front, except for the drummer, which should be on the back. Must be angled upwards with available power outlets. ***Fans are necessary for the performance.***
- **Dedicated Outlets:** Each guitarist, bassist, and keyboardist requires one dedicated power outlet near their position for their pedalboards .

HOSPITALITY

- **Backstage Needs :** Bottled water (minimum 3 per band member), soft drinks, Oulmès, light snacks, and black towels (1 per member). Drinks and towels should be available throughout the show.

- **Meal Requirements :** Warm meals and fresh fruits for all band members and crew. Meals should be available at least 1 hour before soundcheck and maintained until the end of the performance.

- **Dressing Room *(important)* :** A secure, private space for pre-show preparation, equipped with mirrors, seating, power outlets, and secure storage for instruments and personal items.

- **Transportation & Accommodation** : Since Pagan Ulver is based in Settat, the venue or organizer should **cover** transportation **to** and **from** the venue, and **provide hotel** / **Airbnb** accommodations **for all band members and crew.**

- **Venue Contact :** A designated contact should be available backstage to coordinate hospitality needs and special requests.
